## Who Should Attend?

- Patients with indolent systemic mastocytosis (ISM)
- Caregivers, family members, or friends
- Healthcare professionals are also welcome

## Why Should You Attend?

- Connect with leading experts in the field
- Gain deeper knowledge and understanding of ways to manage ISM
- Opportunity to have your questions answered
- Engage with people who truly understand your experiences
- Develop a stronger community of support
- Return home more empowered and prepared to advocate for better care

We are taking comprehensive measures to ensure safety and comfort for in-person attendees. View more information about our protocols on the registration page.

This educational initiative is supported by an independent educational grant from Blueprint Medicines.
